The prospects for next season were talked over with a view to playing again along the same lines as last season. ## CYCLONE THOMPSON AND KID DALTON MATCHED

Eddie Smith of Oakland made the match and believes he has a good drawing card in this pair of millionaires.

Howard Don Leaves With String of Winners for Montana Bench Show.

Salt Lake City will be well represented at the dog show which opens at Butte, Wednesday, Nov. 17. Howard H. Don left here last night with a string of prize winners. Among them was Edgewater Flyer, the sensational winner, who has won ten first prizes in a year and beaten all the bull terriers of the intermountain country in competition. He will also have the winner at the State fair, the Count of Monte Cristo, who is a son of Edgewater Flyer and bids fair to put his father amongst the has-beens.

**CLARKE GOES TO EUROPE.**  
Jackie Writes That He Will Travel Across Pond This Winter.

Tommy Morgan received a letter yesterday from Jackie Clarke, in which the latter said he would race in Europe this winter. Clarke asked \$1,000 from Pat Powers to start in the six-day race in New York this winter, but Powers refused to come through, and so Clarke announced his intention of going to the other side. Clarke is now riding in the Boston six-day race, and it is more than likely that Powers will accept Clarke's terms when he sees the Australian is about the leave the country, as he is one of the best cards in the game today.

## SULLIVAN GETS JOB BACK

Resignation of the Head of the A. A. U. Seems to Have Been a Joke.

New York, Nov. 16.—The Amateur Athletic union of the United States, which met here today in annual convention, declined to recognize the disqualification of J. C. Carpenter by the Amateur Athletic association of Great Britain, which occurred after the Olympic games.

The union also declared the athletes registered with the union shall not be allowed to compete in international competitions unless the management of the events is approved by the Amateur Athletic union of America.

The report of James E. Sullivan of the Olympic games was read. After hearing the report the union adopted a resolution giving its hearty approval and endorsement to Mr. Sullivan's actions and to those of the American Olympic committee in the withdrawal of Carpenter, Taylor and Robbins from the final heat of the 400-meter race.

James E. Sullivan was re-elected president.

There will also be several top-notch wrestling bouts by members of the wrestling club; a fencing bout and some advanced apparatus work by a picked squad. Following the gymnasium program the men will proceed to the swimming pool, where a few moments will be spent in the pool.

The event is to be confined to members of the class and their particular chums, and promises to be a fine feature of the association's social work, as it is planned to hold these events once each month in the future.

No remedy that does not entirely remove the cause of Catarrh of the blood will ever make a permanent cure of the trouble. Just as long as the circulation remains contaminated with the impurities and catarrhal matters which produce the trouble, the mucous membranes or inner linings of the body will be kept in a state of irritation and disease. Sprays, lotions and other local applications will sometimes temporarily relieve the tight, full feeling in the head, buzzing noises in the ears, uncomfortable, stuffy feeling of the nostrils, and help to loosen the mucus in the throat; but Catarrh is a constitutional blood disorder and until it has been entirely driven from the system there can be no permanent cure. S. S. S. cures Catarrh by removing the cause from the blood. It attacks the disease at its head and by thoroughly purifying and cleansing the circulation, and ridding it of every particle of impurity, and at the same time enriching the blood, allows the inflamed and irritated membranes to heal, improves the general health, and stops every disagreeable symptom. S. S. S. reaches down to the very bottom and leaves no trace of the disease in the system. Book on Catarrh and any medical advice free to all who write.

## LOGAN WOULD LIKE GAME

Athletic Council Gives Farmers Permission to Play the 'Varsity.

The Aggies football team returned yesterday from the coast, where they met the St. Vincents on last Saturday. The farmers were considerably "roughed up" as a result of the game, and from reports received since the game, both from the players and Los Angeles newspaper accounts, it was the rough work as much as anything that lost the game for Logan. Captain Brossard, one of the stars of the team, has a bad knee, but will be about in a few days.

Captain Walker said he would like very much to get a game on with the university for Saturday. The athletic council of the A. C. has taken the matter up and passed favorably upon it, and Walker says it is now up to the university. Walker thinks the farmers can give the U. bunch a good run for it and will take the matter up today of arranging a game if possible.

## WARRANT FOR FITZGERALD

Upon the request of Governor Campbell of Texas, Governor Cutler yesterday caused a complaint and warrant to be issued from the county attorney's office charging W. H. Fitzgerald, alias Feeney, with being a fugitive from justice. Fitzgerald was arrested Saturday night upon information received from Texas, and the complaint was issued yesterday to insure his detention until the arrival of the Texas officials. Sheriff Hughes left Cleburne, Tex., yesterday for Salt Lake.

## WARRANT FOR FITZGERALD

From indications, Fitzgerald is a badly wanted man in Texas, although no details of the cause of his arrest have been learned yet. Although here but a short time, he cut a wide swath. For a time he was connected with the Inter-Mountain Republic as an advertising solicitor until several ugly rumors, backed up by facts, it is said, led to the prompt acceptance of his suggested resignation. After arrested Saturday night he presented a bold front, denying that he had ever been in Texas, and argued that he could not possibly be the man wanted. Sunday, however, he admitted to the police that he had resided in Texas for a time, and that while there he had endorsed a check for a cattleman, and it might possibly be in this account that he was detained. Sheriff Hughes should be here by Wednesday night, and it will be known then what charges are held against Fitzgerald.
